

Winter Shield Services Package

The arrival of winter doesn't mean the end of pool maintenance and cleaning!

Debris build-up must be removed, your chemicals must be balanced, and your pool protected from damage. **Our Winter Shield Services Package gives you the protection you need and the peace of mind you deserve from November through March.**

You get up to five service periods, all of which include:

- professional chemical balancing
- pump inspections
- cover cleanup and inspections

We'll even power wash your pool deck on our last visit to ensure that everything's ready for the warmer weather!

All service calls will be an additional charge.

All hardware and equipment needed will be an additional charge.
